

04 January 2010

BUSINESS AS USUAL

Dear valued customers

You may have read and viewed recent news articles relating to the arson attack on our premises located in Welshpool WA. The attack occurred on the evening of Saturday January 2 and as a result several vehicles and trailers were destroyed or damaged in the fire.

The fire was isolated to the rear of our premises and the warehouse and administration building was not damaged. Although this incident will require us to allocate resources toward a massive clean-up operation, it will not cause any delays with pick-ups and deliveries or changes to our normal operation and interstate truck departure schedules. It will remain business as usual at Watson's Express Transport.

I want to thank our hard working staff for their tireless efforts, dedication and the professionalism they have shown during this time. It is a direct result of their endeavors that will allow us to continue the operation without any delays. I also want to thank the dozens of emergency services personnel who attended the fire and ensured the damage was kept to a minimum. Their role in our community is vital and often goes un-noticed but it is their dedication and commitment that will allow us to continue our operation without delay.

We appreciate and are very thankful for the many phone calls and messages of support from our valued customers and thank you for your understanding. The support and loyalty shown is a real inspiration and has become the driving force behind our motivation to rise above this incident and enable us to re-pay the same faith you are showing in us. We look forward to you continued support and servicing your transport requirements long into the future.

Sincerely

S Waight

Simon Waight
